Reasons for Allowance

The following is an examiner's statement of reasons for allowance: in view of the applicants' amendment of claim 8, the claims are now in condition for allowance. The closest prior art WO 97/00853 (U.S. equivalent U.S. Patent No. 6,384,075 and U.S. Patent No. 6,172,113) fails to disclose or render obvious the claimed compounds of the instant invention. None of the prior art of record or a search in the pertinent art area teaches the compounds, compositions and method of use of the thienyl or benzothienyl substituted species as claimed herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
